

# CABINPUMP

Start Here

Do you have a foul gravity sewer on site?

Yes

No

Will your cabins drains to this point by gravity?

Are you interested in reducing the frequency of tanker visits to site, CO<sub>2</sub> emissions & required effluent tank footprint?

Yes

No

Yes

No

**GRAVITY CONNECTION TO DRAIN**

**Use a CABINPUMP to pump up to 600m to a gravity drain**

**Use a CABINPUMP with an above ground tank**

**Use an external effluent tank**
