

# CABINPUMP<sup>MINI</sup>

Pump Sink, Basin or Shower Wastewater up to 120m to a drain or effluent tank

- Space Saving - Your canteen no longer needs it's own effluent tank
- Plug & Play - No commissioning required
- Portable, Powerful & Tough

1. Connect the incoming waste pipe to pre-installed 40mm connection points

2. Connect the pumping main - 50mm compression fitting also supplied

3. Connect to a 240V power supply and turn on!

Dimensions (L x H x D)	500 x 370 x 300 (mm)
Ventilation	Pre-Installed on Chamber
Max Pumping Distance	120m
Max Pumping Height	70m
Inlet Connections	2no 40mm Self-Sealing
Outlet Type	1 1/2" BSP Male Threaded
Suggested Pumping Main*	50mm O/D SDR17 Black

Solid Handling Capacity	10mm
Power Supply	230V
Power Rating	0.25kW
Rated Current	2.0A
Max Starting Current	5.3A
Power Connection	16A Commando Plug

\*Rising main preferred specification SDR17 Black
